**OFFICIAL**

Dear Mr McLean

Firstly, and most importantly, I am concerned to hear how you are feeling at this time and it indicates to me you may be in need of urgent support from a welfare perspective.

If there was no conspiracy to destroy me or a movement that resulted in my murder/manslaughter or agencies acted with conscience and fairness

I would not need welfare

I want to let you know that help and support is available from Converge on 1300 687 327.

YOU are supposed to help

If you don't I will publish this

What have I got to lose?

You would need to advise them you are an IBAC referral as a witness.

Who witnessed what?

What are you acknowledging I witnessed?

My murder? Corrosion? Sexual slavery? Bribery? Malpractice? Negligence? A conspiracy to pervert the course of justice? Public shaming vilification and victimisation? Destroying intellectual property? Desecrating my business? Discrimination? Police corruption? Your corruption? A conspiracy to pervert the course of justice? Unethical identification and victimisation? That led to death? A systemic manslaughter? Public office corruption? A cover up of death or manslaughter? A systemic cover up of my murder? What about a corrupt magistrate? What about my two VOCAT cases which failed - the system is cooked! What about desecration of liberty and freedom? What about being publicly scapegoated? What about the crooked cons I have tried in vain to

report this to? What about the desecration of my data that was evidence before a court? What about I have been so successfully framed-I know even you will deny any agency for me not to be put at risk and desecrated further

I need justice is what I need

I would not need welfare if police did their job and I bet anything that you tow the party line

That is because I'm less burden dead than if I was to get justice for my human rights issues

I believe I am still fitter being framed and I predict if they don't kill me they will incarcerate me or vilify me in some way to desecrate what simple joys I have left

I am not a bad person

Now I have memory issues from losing my blood -all of it-I was rejected from the mental health unit near my house I begged can I stay and get my medication

The methodology to deplete me of justice and liberty is what you did

Kick the can down the road until I am in danger of killing myself

But you can't take my soul

This support service is a welfare support service available for you to access at no cost to you. I do acknowledge that you may already have supports in place or have other supports unknown to IBAC and do not wish to offend, however,

You most likely know I have not a support in the world

I used to be paranoid about secret police

Now they come in my home

below are additional options for you to consider and other options for support may be found on the IBAC website: [Mental health support | IBAC](#) Please do let me know if there is anything I can do to put you in touch with one of these services to support you while we finalise the response to you.

How long will this response take?

Any one of these issues I have said many times is actionable by you right now

You could send police to investigate

You could get my workcover

Undo this damage

Settle my differences with my evidence from many people

Find me an unbiased lawyer

You could do this-but you will not I'm saddened to predict

A couple of other options are:

- [Beyond Blue Tel: 1300 22 4636](#)
- [Life Line Australia Tel: 13 11 14](#)

I know all the people that run these and have called them many times

You well know this

I can confirm that your complaint received on 20 August 2021 with case number [CASE-20213522](#) has been assigned to a case officer and is currently undergoing

assessment.

I have not provided all the evidence

The evidence was mostly destroyed by micton21 with no revenue for appeal

A familiar story consistent with the movement that actually killed me

Then covered up

You will be contacted as soon as your complaint progresses or if we require further information.

Can I please get an acknowledgment in the next week that police will be reprimanded and act on one single issue please

Otherwise I will be on the streets

And you will be complicit

As I cannot be a whistleblower or any ombudsman will support me-I doubt you have any agency or power

Even the attorney general's office already rejected me

Please be reminded that IBAC's jurisdiction is limited to Victorian public bodies and Victorian public officers.

Please identify the list so I can share information but it must be taken in context of the broader vilification and conspiracy

When we assess your complaint there are three possible outcomes: we may decide to investigate your complaint, we may refer it to another agency for investigation, or we may decide to take no further action.

The highest agency is the AG office or the federal police - I have attempted to contact them

Then ASIO

That is where my former partner worked

That's who protects him

I have evidence of him threatening me to this day

It's gridlock

I believe you know more why this is happening to me

I note the comments you have made in your email to IBAC about Melbourne water. Please note that we are required to complete a serious incident report regarding these details.

Please note you well know that was a caveat I placed in there so you would have to do that

When the police come-I will explain this email

And the crimes and they won't report them then I will be back with you

What's so difficult to see I am framed and heinously killed

I am a victim of vilification and conspiracy to pervert the course of justice who has survived violent assault rape and I have not only been murdered but survived childhood sexual abuse and on the opposite side of that

I am labelled crazy or not crazy enough depending on who's paying

I have severe mental illnesses and in need of medication and dire help

To deny me medical care is a sin in this country

I advocated for people more marginalised than me via altruism for twenty years and more and have a doctorate and was

nichely famous-no as you know I am infamous

Why am I free

I've done nothing wrong

Victory will happen with your help

Or become a voiceless vagrant and ruin shamed stigmatised and maimed in every way maliciously and desecrated-even my death was not enough

Now they have sent you to somehow blame ME for this mess and this injustice

And protect the police

Please prove me wrong

Please wait till I get my evidence together

And please act now

In regards to part of tte conspiracy that denied me work cover and compensation

Paul Fowler from Comcare rejected me

Work safe refused to help me

Now it is before AAT

They say I am not insured by the government

But here is the evidence I am a worker

Also pail Fowler was the ok'd boss at work safe

Everything is cooked

I am employed by the department social services with the government and deserve my compensation

I've told police about how paul Fowler is a conflict of interest

What will I do-go to an ombudsman?

Go to police again?

It's Groundhog Day and you know it

You offer me welfare help

Of all the audacity

Should we require further information from you we will be back in touch about your comments.

I am not going to put LSD in the water supply

You know as I stated that was a way to get police attention

In the meantime, should you wish to get in touch with me, you may do so by emailing me at [info@IBAC.vic.gov.au](mailto:info@IBAC.vic.gov.au)

Kind regards  
Sue Kapourelakos

Thanks sue

I hope you accept this letter and further my evidence of conspiracy to manslaughter and that a conspiracy to pervert the course of justice and a vilification so entrenched in institutions and statutory agencies

It is un thinkable that even though it killed me already

That they bade my blood and death

And if you defend the police or say

"It is outside the realm of what we do"

Or another excuse

I will know that power and privilege won and coerced you to deceive me against all rational evidence and respect for any law

That man made law is corrupt

And you don't just innocuously ignore me

Yet you actively seek ways to forget desecrate and maim me in order to aid and abet my death

And that you can't take my soul

Sincerely

RM

I have been unable to report these crimes to police:

conspiracy to manslaughter

Medical malpractice

A conspiracy to pervert the course of justice

being coerced into sexual and financial slavery

By former partner Steve iasonidis - a former ASIO employee and tax embezzler, who  
admitted to me was present at a murder

If you count this - just check his tax records - please do that

He owes me half a million in super and assets we were engaged for over five years

He stiole my car

'It is illegal to suffer a fatal injury in a hospital

The police wont respond to any of these crimes not report them

I have tried at Flemington and Footscray and other stations

I am blocked from theAFP server

My digital identity and business were ruined and maimed by Micron21

They refuse to act

So does the small business ombudsman

Im tired

If you do not answer

I will get kilos LSD and put it in melnournes water supply

Now you will NEED to call police - just so I can record these crimes again

So I can send it to you

And you can reject me because you knowl am dangerous and have killed for less than the sin you will put on me of non acknowledgement

And kill me

Thanks
